*चरण -2 के लिए अलग से टेल रेस सुरंग को पूरा करने का कार्य लंबित करने का कार्य लंबित रहने तक सलाल चरण-1 की टेल रेस में माध्यम से यूनिटों को पहले ही चालू कर दिया गया हैं।

Decrease in Electricity Production due to Shortage of Funds

1305. SHRI BHUPINDER SINGH MANN: Will the Minister of POWER be pleased to state:

(a) whether it is a fact that severe shortage of funds nnd inability of financial institutions to provide long term loans is coming in the way of producing 10,000 MW of electricity by the year 2000 AD;

(b) if so, to what extent the electricity production will come down; and

(c) the details of electricity production in the public and private sector against the target set during theEighth Five Year Plan?

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRIMATl URMILA BEN CHIMANBHAI PATEL): (a) and (b) It has been assessed that a capacity of about 10,000 MW in the public sector may be added in the first 3 years of the Ninth Plan from the sanctioned schemes subject to the provision of adequate and timely funds to these schemes. Energy production would, thus, correspondingly, change depending on the actual capacity addition.

(c) As per the latest estimate made by the Central Electricity Authority (CEA), the details of likely capacity achievement as against the target during the 8th Five Year Plan in the Government and private sector are given as under:—

Category	8th Plan capacity addition(MW)	
	Target	Likely achievement
Central Sector	12858.0	8651.0
State Sector	14869.7	8436.6
Private Sector	2810.0	1863.0
TOTAL	30537.7	18950.6
